

If you have any other comments about the Neighbourhood Plan or if you wish to expand on any of your earlier comments then please do so below (or write a separate letter to us - the more you say, the better!)

Environment	Community and Character	Services
<p>Anything about improving the environment? Not just in villages but in wider parish. Can we do something to safeguard the future landscape post ash die back? reconnect the land and the village</p>	<p>We like a community feel to be encouraged where possible</p>	<p>Q.15 The almost complete lack of mobile phone signal in The Granaries is worrying should an emergency arise. Being disabled brings this to the fore.</p>
	<p>I really hope that the village keeps its charm and character. These are the reasons we moved to the village from Sleaford. As a family we like the slow pace it brings us after the stresses of school and work. Really hope it doesn't get too big and developed as spoils what we have here and surrounding us</p>	<p>Scopwick is a great place to come for walks, cycles, and horse rides. A simple shop that sold (among other things) ice cream in the summer months would be a great idea, as would a place to get teas and coffees. Maintaining public footpaths/ bridleways would make Scopwick a great attraction, as would cycle paths to Metherringham. I would love to cycle safely there with my children</p>
	<p>There are few villages that offer the peace and tranquility of Scopwick. Once retail premises are introduced the whole fabric of the village will be spoiled. For those of us that chose the village to live in we were aware that it offered no facilities but shops are close by in Metherringham + Ruskington. The village hall also offers a wide range of activities in which people can be involved. Our village feels cared for + there is a sense of collective ownership</p>
