

Are there any areas of land you think should be protected from development?

Scopwick	Kirkby Green
Playing field	Kirkby Green as a whole cannot support development(22)
All areas surrounding the Beck within the built up areas. The field next to vicarage 'Green' Lane.	No specific areas. However great care should be taken where development would impact on the look and feel of a village. it should not make the area look built up
The existing fields in and around Scopwick including Paddocks and the field opposite Granaries	Areas of specific local and/or historical interest
It would depend on what the development is and where it is	Acre Lane area and road heading out of Kirkby Green towards Scopwick
Anywhere very close to the beck	Around the beck at Scopwick + the ford at Kirkby Green
Around cemetery + playground	Along side the beck in both villages + land between Scopwick and Kirkby Green so the 2 villages keep their own identity
All surrounding the Beck within the built area. The field next to vicarage 'green' lane See map	Space between the villages, All Beckside areas
Playing field	All the central land of Kirkby Green and any land between Scopwick and Kirkby Green
Playing fields - close to the Beck on Main Street.	Village green Scopwick + Kirkby Green areas including Church Yard Kirkby Green. Area near ford Kirkby Green Public green area Kirkby Green adjacent to Jackson house
No further development between Scopwick and Kirkby Green boundaries	The land behind my house on Main st. Kirkby Green which encompasses the stepping out paths
All local historic open space which provides character for the village as a whole	Yes - i like being surrounded by countryside and peace + quiet. The noise level increasing would make me consider moving also the increase in traffic. Its bad enough now got worse since i
Play parks	Green belt
We are new to the area so are unaware at the moment of any areas of land that may need protecting.	All of the brown and green field sites, around Scopwick and Kirkby Green. We do not require any more development, of
Scopwick, Scopwick Heath, and Kirkby Green	Any agricultural land and Scopwick around the beck

Scopwick	Kirkby Green
The countryside between the two villages	Don't know enough about surrounding land
War grave area	Fields to the rear of main st. in Kirkby Green
The pub	Main road
All farm land	?
The village greens	An area of land directly in front of our property - Grade 2 listed barn in Kirkby Green
Surrounding farm land/ countryside	The areas along the Beck need to be preserved as a wildlife corridor
Local walks	Kirkby Green
Vicarage Lane and trundle / Geen man lane and areas either side and fields opposite Brakenbury and sons Garage	Kirkby Green junction with Church Lane. The Ford at Kirkby Green. Churchyard.
Heath Road	
Green space within the village	Other
Infill	Any area which would be covered by a large development
Village greens, footpath boundaries	Gardens between Beck + Brookside Village hall meadow
The war graves are incredible special and the play area next to them must be preserved. Equally we wouldn't want any development to change the character of the beck running through the village	
village green and areas alongside the beck	
Fields behind the park	
Land behind village	
Open fields adjacent to current properties	
The ribbon of Main street between Scopwick and Kirkby Green	
Field opposite the Granaries + Brackenbury's	

Scopwick
Alongside the Beck + the Green lanes
Development on surrounding Green fields sites
Land between Scopwick + Kirkby Green so that they remain separate villages. The fields on Heath road.
Green areas at the centre of Scopwick
Land on N. of Brookside and allotment area, and land between villages of Scopwick and Kirkby Green (to preserve the identities of those villages)
All fields surrounding the village
Surrounding fields
Round the beck and on the edge of the village
The field at back of no44 + 46 main street
Playing field Areas alongside the beck
Between Scopwick and Kirkby Green
Field opposite Brackenbury's garage. Would create too much traffic on an already dangerous junction
Careful consideration and consultation should always be applied
Green lane
Land either side of B1191 between Scopwick and Kirkby Green - else end up with a merge of the 2 villages Pit in vicarage lane
Field on corner of B1191 + B1188 due to orchids + vehicle access
Field opposite ' The Granaries'
Farmland between our two villages The central area round beck The ford at Kirkby Green
Anything outside the curtilage
Woodland park area no estates to be built above 6 to 7 houses in a close or col-de-sac at once

Scopwick

The green area the other side of the beck near the allotments and allotments and land behind because the beck divides here and wildlife passes along here. The paddocks behind methodist church + ridge + furrow field at the end of vicarage lane as it is historic and full of wildlife especially owls. 'the pit' off vicarage lane as there are so many breeding birds there. The field on corner of heath road because there are orchids in it

Field on main road opposite vicarage lane near bus stop + lane through vicarage lane

Farmland

Land back of 44.46 Main Street

Any land currently not built on

The fields

Opposite the granaries/ Heath Road Close to junction/ Bus stop for children / elderly

North of Vicarage Lane up to cemetary

Don't know

Areas overlooking other property

Vicarage Lane area

The 'green areas' abathing the Beck, the playing field and agricultural land well to the North and South of both villages

Corner field B1188 and Heath Road Childrens park at end of Vicarage Lane

Area between Heath Road and B1188(corner) Sewells farm buildings Areas linking the two villages

Scopwick

All the farmland around Trundle Lane. also all the farmland running alongside the B1188. In Kirkby Green all the farmland that runs from the ford to Rowston. I feel the majority of farmland surrounding the entire village of Scopwick and Kirkby Green should be left as it is with no developments whatsoever.

The centre round the Beck

The Beck area. The Sheep field north of Vicarage Lane.

green field land
