Scopwick	Kirkby
Pub needs to be open	The Royal Oak requires a complete make over, if it was transformed like the plough in North Kyme it would be a real asset to the area
Employ a youth leader to encourage young people to use the Field for organised games (priority for expenditure) 2. Install a mobile phone mast in the Church tower. 3. expand the footpaths system on south side of Scopwick village. 4. Improve the lounge/dining and toilets accommodation in the Royal Oak and bring in social facilities	The Royal Oak pub
Pub -modernise. Playing field - small area that allows dogs. Village hall - better communication of village matters/activities/news	Royal Oak Pub
Re-open pub, nice to sit by the beck in the summer. Good food is a must	A public house selling good food and a good friendly atmosphere with passing trade would be good
Royal Oak looking a eyesore, the centre of the village and looking very run down	Parking outside village hall, need hard honeycomb inserting in grass verge to prevent it being cut up so much
No	More access to countryside south of Kirkby Green currently owned by Denis Estates
Playing field equipment - Zip wire would be great, Parking for village hall + church	Maintenance public footpaths, Maintenance church yard Kirkby Green
Employ a youth leader to encourage young people to use the field for organised games (priority expenditure). Install a mobile phone mast in church tower. Expand the footpaths system on south side of village (scop). Improve the lounge/dining area and toilet accommodation in the Royal Oak + bring in social facilities	It would be good to have a pub that provided good meals in clean surroundings. This would be an asset to the village

Play park equipment. some hedges along springfields need cutting back - eating into the footpath	Yes the pub, village hall could do with update + make over.
Yes the pub to open again	The Royal Oak pub
Yes with an influx of younger people, Improved football facilities	The pub could be open! as a pub or cafe/ restaurant
The Royal Oak is re-opening to hopefully serve food and allow well behaved dogs into a non-food area. Brackenbury's garage could sell a few essential food items - bread, milk, eggs, etc.	Mirrors at junction at Royal Oak Pub for better view from the right
*When the pub opens	Is the Royal Oak still a pub? if so then of course it needs improving, it will never survive without it, as has been proven in the last 3 years
The public footpath; from the end of Brookside the path goes around the first field then across the second field. This field is ploughed (unlike the following fields which are grassed)	Pub - needs improvement throughout to be more welcoming
Regular publican for the Royal Oak	Good Pub Food
None as yet	Pub opened
Yes, a pub is the heart of a village and we need one and more activities for all ages at the village hall	The Royal Oak needs updating/renovating and serving better food, like the Plough at North Kyme

<p>The school, the shops, and the medical practice, because they are invisible in Q12, the church because hardly anyone goes, it is often shut and has no toilet. The pub because it is shut at present. The playing field because the children's equipment is near the end of its lifespan, the village hall because it is underused and the chapel because hardly anyone goes.</p>	<p>The pub is a focal point and gets people together, friends ad family - very important. Playing field - could host family days etc.</p>
	<p>It will be nice to see the Royal Oak up and running again.</p>
<p>Playing field. Some adult exercise apparatus</p>	
<p>Getting the pub back up and running would be a great boost for the village. It would also be nice if there was a small shop</p>	
<p>Public footpaths</p>	
<p>Pub</p>	
<p>Yes the pub should be classy and open</p>	
<p>Pub re-opened, others good</p>	
<p>The church could maintain life as a cultural centre if funding were found for toilets and kitchen. The Chapel will eventually and become converted for use. The pub has huge potential for the community but has been mismanaged and needs serious investment</p>	
<p>Playing field and pub</p>	
<p>The play area needs updating/ improving. There is nothing for older children i.e. teenagers in the village. They do not seem to have anything they can get involved in. e.g. sports clubs or meeting groups. Surely these children are potentially the future of Scopwick? The need to feel more included in facilities</p>	
<p>Royal Oak</p>	
<p>Pub re-opening will be fab!</p>	
<p>Reopen the pub once it has been upgraded</p>	
<p>Open the pub</p>	
<p>Pub open! Dog friendly and good food</p>	
<p>The church in Scopwick could be used a lot more if there were a toilet and catering facilities - e.g. for coffee mornings, events, lay services for children, concerts</p>	

Would be nice if you could take dogs onto playing field
The pub re-open
Car parking for village hall created, away from in front of hall
Re-opening of the pub
Royal Oak need to....
Footpaths weeded + pavements have hedges hanging over from houses (Main street)
Yes, i would like the Royal Oak again
Pub needs a full refurbishment. It is vital for community as a hub and commands a perfect location to achieve this
Help to include a W.C. and kitchen for the church
Whilst the pub is shut, the village hall could open up as a social club. if it worked it could continue and do theme/movie nights. Similar to Digby and Nocton village halls
Yes the pub! a traditional pub serving pub grub reasonably priced. This should create the right environment for the villagers to come together
Although i don't use the church, it does not impact on it must be retained
The pub, the playing field for older children (aged 8 -14)
Pub
Would love a pub to do nice food and need improved interior and outside seating area for summer. Playing field is great, just maintenance
Huge Congratulations to the Village Hall Team - A Fabulous facility! We need a pub back for summer
Have the pub open
The pub, the playing field
Pub to stay open - with decent food. Pub needs improvements. Less/ no dog fouling
Improvement of the pub as the centre of the community
Pub

Public footpaths kept clear. Hedges cut back off public footpaths. Street lights, some are not working + have not for a while now, it's quite dark in some areas of the village pathways
The Scopwick church now is too overgrown with large trees. we purchased our house as we loved the view onto the church. Now the trees are too high and overgrown they look unsightly and ugly
Pub should have a small shop as previously
Pub
Adult gym equipment, Prevent parking on the grass outside the hall, Depends on new owner of the Royal Oak
It would be nice to have a pub back again. Playing field needs a revamp as it is 20 years since its installation.
The Royal Oak pub
Pub
The Royal Oak - it's a total dump
Church toilet facilities, Extra storage facilities - Village hall, Pub - complete overhaul
